Fill Me Up
>
Don't touch my hands
>They're covered with blood
Don't reach out to me
>I won't be understood
And I rest on your shoulder
>Filled with tears I can't cry
Now don't let me go
>I need-I need-
I need this comforting lie.
>
Roll me over
>inside the water
Stir the feathers
>of my broken wings
Cradle me softly
>under the lonely winds
Fill me up
>I'm empty within
>You annoy me every day
I'll never understand
>You make me react to you
You don't let me pretend
>Then I rest in your arms
And try to find the cold inside
>So that I won't need you
I can't-I can't-
>I can't want the comforting lie
>Roll me over
inside the water
>Stir the feathers
of my broken wings
>Cradle me softly
under the lonely winds
>Fill me up
I'm empty within
>
Let me go back
>to being alone
I don't know what to do
>your warmth is my home
You cling to me always
>I'm too weak now inside
I can't let you go
>I need-I need-
I need the comforting lie
>
Roll me over
>inside the water
Stir the feathers
>of my broken wings
Cradle me softly
>under the lonely winds
Fill me up
>I'm empty within
>The blood on my hands
slowly peels away
>In the warm water
That's you, more every day

>And you whisper into the night
with the words I can't deny

>they keep echoing inside me
The truth-the truth
>It's not just a comforting lie
>Roll me over
inside the water
>Stir the feathers
of my broken wings
>Cradle me softly
under the lonely winds
>Fill me up
I'm empty within
>
Roll me over
>inside your waters
Touch the feathers
>of my broken wings
Cradle me softly
>against the lonely winds
In your waters
>I'm free of sin.
>With love.
Free of my sin.
>And I swim.
In you.
